

## ABOUT CALAHAN CONSTRUCTION

Calahan Construction Services has been producing buildings that feature top-quality craftsmanship for over 84 years. From private businesses to schools and public institutions, our services cover the entire construction process in one seamless solution so that your project comes in on time and on budget and meets the highest quality standards in the industry.

## GROUND-UP CONSTRUCTION SERVICES

### Concept and Design

Taking an empty parcel of land and creating a custom plan to meet a particular need

### Planning

Creating all architectural drawings and ensuring all regulatory steps are complete

### Project Management

Seamlessly integrating in-house experts and subcontractors to streamline the process

### Purpose-Built Construction

Executing the final construction process to create a facility designed for your short- and long-term goals
